EDUCATION

LJ UNIVERSITY   August 2023 - August 2027
Computer Science Bachelors   Ahmedabad,India
Semester 4 GPA :: 9.72/10

SKILLS

Programming Languages	Java, Python, HTML, CSS
Libraries/Frameworks	JavaScript, React, Django, Streamlit
Tools / Platforms	VS Code
Databases	PostgreSQL, MongoDB

PROJECTS / OPEN-SOURCE

KALAMRUT | Link

AI-Powered Art Gallery: Developed an AI-driven art gallery platform integrating computer vision (MiDaS, YOLO, CLIP) and a React-based frontend to provide personalized artwork recommendations. Designed a wall scanning module to analyze user environments and simulate art placement,bridging technology and creativity for an enhanced digital art experience.

Python , React , Django

HEARTSYNC | Link

Tinder-Style Web App: Developed a matchmaking platform with a React frontend and Django backend, featuring swipeable cards, real-time like/dislike interactions, mutual match detection, and an AI-powered chat suggestion system to enhance user engagement.

Python, React dev, Django

CERTIFICATIONS

- Introduction to Java - **Coursera**
- Inheritance and Data Structures in Java - **Coursera**
- Exploratory Data Analysis for Machine Learning (IBM) - **Coursera**
- Introduction to HTML, CSS, & JavaScript (IBM) - **Coursera**
- TCS iON Career Edge - Young Professional - **Tata Consultancy Services**

HONORS & AWARDS

- Participant, Nirma University Hackthon
- Participant, Dhirubhai Ambani University Hackthon
- Participant, Odoo Hackthon 2025
- Participant, HACKHAZARDS 25

PROBLEM SOLVING SKILL

- Data Structures & Algorithms : Proficient in problem-solving with focus on Arrays, Linked Lists, Binary Search, and Sorting techniques, emphasizing efficiency and clean code implementation
